DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement filed on July 25, 2005 has been partially considered. However, two pages of the Office action from the Korean IP Office dated January 26, 2005 is not considered and it fails to comply with 37 CFR 1.98(a)(3) because it does not include a concise explanation of the relevance, as it is presently understood by the individual designated in 37 CFR 1.56(c) most knowledgeable about the content of the information and not in the English language. It has been placed in the application file, but the information referred to therein has not been considered.

Drawings

2. Figure 1 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). In order to avoid abandonment of this application, correction is required in reply to the Office action prior to payment of the issue fee. The correction will not be held in abeyance.

Allowable Subject Matter

3. Claims 1, 2, 5-29 and 31 are allowed over prior art of record.

Reasons for Allowance

4. The following is an examiner's statement of reasons for allowance:

The instant application is allowed in view of the Applicants' amendment of claims 1 and 15 that incorporates allowable subject matter of Office action of February 23, 2005. See Applicants remarks filed on July 25, 2005 in Page 9.

Claims 2, 5-14, 16-29 and 30 are also allowed as being directly or indirectly dependent of the allowed independent base claim.

Art Unit: 2823

Conclusion

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
